

The profession of engineering shapes our future...
Shape your future with TSPE

Just getting started?

TSPE helps new engineers, recent graduates and interns develop their careers through networking, recognition for personal and professional accomplishments and leadership training.

On the fast track?

TSPE offers transition guidance on starting your own consulting business or changing firms or positions. We post notices of employment and partnering opportunities on our online classified listings page.

Ready to give back?

Help shape the future of engineering through political and legislative involvement, education programs and leadership opportunities at the chapter, state and national levels.

Knowledge and Information

Professional engineers across Texas rely on TSPE and NSPE for information on current issues including education, employment, legal, ethics and more. Resources available to members include:

- *NSPE's PE Magazine, which offers articles from industry experts.*
- *Monthly e-newsletters covering the latest news and legislative updates.*
- *Participating members receive free, unlimited access to NSPE's Engineering Income and Salary Survey.*
- *Job boards on TSPE & NSPE websites*

Leadership and Networking

Whether you are just starting your career or are an established professional, TSPE provides development and networking opportunities to advance your career to the next level. Examples include:

- *Leadership practice through chapter and state level positions.*
- *Leadership Conference focusing on effective leadership.*
- *Participation in local chapter meetings and events.*
- *TSPE Conference and Annual Meeting with two full days of PDH credit seminars.*
- *Volunteering with chapter or state committees such as MATHCOUNTS, scholarship, legislative and governmental affairs and more.*
- *Resources such as online courses, webinars, speaker panels and other educational programs.*

Government Relations

TSPE is the only organization for individual professional engineers in Texas that advocates for you in the political process at the state level. Our initiatives include:

- *Promoting legislation that best serves the interests of licensed, professional engineers.*
- *Supporting candidates who share our views on licensure and other issues affecting our practice.*
- *Encouraging involvement by professional engineers in public service.*
- *Establishing TSPE as a collective resource of engineering experts.*
- *Creating networking opportunities for our members and state agencies.*
- *Maintaining a strong relationship with the Texas Board of Professional Engineers.*
